

JEWELL DEFIES RAIL LABOR BOARD!

FOUR COURTS BUILDING IN DUBLIN BLOWN UP

OLD GUARD GOES DOWN TO DEFEAT IN NORTH DAKOTA

McCumber Put On Shelf & Frazier Wins; Takes Place With Pinchot, Beveridge, Brookhart.

BATTLE IS CLOSE

Fargo, N. D., June 30.—Lynn J. Frazier took the lead today from Porter J. McCumber in the contest of ballots in the North Dakota primaries. The vote from 1424 precincts stood: Frazier 63,751, McCumber 63,115.

Fargo, N. D., June 30.—Non-partisans were confident today that North Dakota would be represented in the United States Senate by two elected Senators after the November elections. Defeat of Porter J. McCumber for the Republican Senatorial nomination by Lynn J. Frazier makes the latter's election certain, Non-Partisan leaders believe. E. F. Ladd, Non-Partisan, is now in the Senate representing North Dakota, with two years yet to serve. Although there were a large number of votes yet to be counted, McCumber's supporters conceded defeat. Because of his important position, as author of the tariff and bonus bills, McCumber's loss will be keenly felt by the Administration.

"If elected in November I expect to acquaint myself with the Progressive Republicans and work in harmony with them and with the agricultural Senators, designated as the Farm Bloc," Frazier said today.

Washington, June 29.—Defeat in yesterday's North Dakota primaries of Porter J. McCumber, 24 years a senator, chairman of the important Senate finance committee and sponsor for the pending tariff and bonus measures, marks the most severe

(Continued on Page 2).

HEAD OF SHOPCRAFT WORKERS REFUSES TO OBEY CITATION OF LABOR BOARD AND STRIKE ORDER WILL STAND

Chicago, Illinois, June 30.—Bert M. Jewell, head of the shop craft workers, who were scheduled to strike at 10 A. M. Saturday, today defied the Rail Labor Board. Jewell refused to appear before the Board in answer to a citation asking him to attend the conference. Jewell claimed the Board had exceeded its authority in issuing the citation. Hope of averting a strike faded rapidly when Jewell failed to appear. Many of the other leaders of unions were on hand. Railroad executives who had been asked to appear were not present. The maintenance of way union, which has not ordered a strike, but which has taken a strike vote, was not represented.

Washington, D. C., June 30.—High Administration officials today entertained strong hopes that the threatened railroad strike would be averted, in spite of the fact that 400,000 members of the shop crafts union are under orders to stop work tomorrow morning. These officials anticipate action sometime today which will postpone the strike pending discussions for settlement of the controversy. No matter what happens, however, Washington will keep hands off until the public interests are jeopardized.

Today's session of the Cabinet will discuss the strike situation, but no statement will be forthcoming unless it would be along the lines that the Administration looks with disfavor on a strike, especially coming as would just when business is beginning to show improvement.

CARBONDALE STREET CAR PLUNGES THRU BRIDGE; 18 INJURED

Carbondale, Pa., June 30.—Eighteen persons are reported to have suffered serious injuries when a car on the Scranton Railway went through a bridge near here. The car which was disabled and beyond control was filled with men and women on their way to work.

LARGEST IMMIGRANT ARMADA IN HISTORY APPROACHES U. S.

Stapleton, N. Y., Quarantine Station, June 30.—The greatest immigrant armada in history bore down upon New York today. A score of huge liners bringing a horde of foreigners are rushing for port just outside the three mile limit. At the stroke of midnight tonight the gateway of the new world will swing open to the proportion of these immigrants who are eligible to enter the country.

SHERIFF, HUNTING FIREARMS, FINDS FIREWATER MILL

Sheriff Tom Lowell "killed two birds with one stone" up in the Madera country yesterday. The Sheriff was sent after an alien named John Sweeti, who was charged with unlawful possession of fire arms.

A search of the Sweeti premises failed to disclose any gun, but in his digging around Tom ran across an up-to-date moonshine still. Sweeti declared the still to be the property of a neighbor woman and said it had been left with him because the woman had no good place to hide it when it wasn't working.

The woman was interviewed and she corroborated Sweeti's statement. Both parties were then arrested for having the machine in their possession and gave bail for Court, while the still was brought to the Court House and lodged with the other moonshine paraphernalia already on hand.

EIGHTY KILLED IN CENTRAL PORTION OF IRISH CITY

Dublin, Ireland, June 30.—Eighty persons were killed and injured in the first explosion at the Four Courts today, it was announced this afternoon.

Belfast, Ireland, June 30.—The bodies of three British soldiers, kidnapped recently at McRoon, were found dangling from a tree, according to reports reaching here.

London, England, June 30.—Thirty Free State soldiers were killed or wounded when a mine planted by insurgents blew up the Four Courts in Dublin. Winston Churchill announced in the house of Commons today. Several buildings near the Four Courts broke into flames as the result of the blast. A party of insurgents ambushed a detachment of British troops, killing two. The Four Courts buildings were surrendered unconditionally.

WILL OPERATE BUS LINES TO DUBOIS SOON AS POSSIBLE

As noted by advertising in the Courier, the Edwards Bus line is maintaining a bus service between DuBois and Luthersburg. The certificate of convenience granted to the Edwards company permit them to maintain a service between DuBois and Clearfield but until the street road is completed, the service will only extend as far as Luthersburg. The company has made application for a certificate to operate between Shafter Nos. 1 and 2 and this city, but until the Public Service Commission takes action favorably, this territory cannot be covered by the busses.

Just as soon as the state road between DuBois and Clearfield is opened, the Edwards company which operates between Curwensville and Clearfield, will extend its service over the entire route. The company expects to get a new equipment for the schedule between DuBois and the county seat, and a representative stated that the route would be covered in one hour and one-half.

Mrs. E. A. Markel and little daughter Madeline, of Snow Shoe, arrived in town this morning and will spend the Fourth at the home of Mr. and Mrs. J. D. Connelly on South Fourth street.

Lansdale, Pa., June 30.—Every dog has his day. This is Dick's. Dick, a huge mastiff, will be sentenced to die by Magistrate Howard Borsay today because his master is an alien. Jack Silverman, owner of Dick is an unaturalized Russian and under the State laws a dog belonging to an alien must be executed. Samuel Conyer, attorney for Dick, will go before Magistrate Borsay today to plead for Dick's life. If necessary, Conyer will ask that the law be set aside in this case and that Dick be allowed to live on humanitarian grounds.

DeValera Assumes Command of Insurgents. --- Reported to Have Openly Declared War On Collins

Dublin, Ireland, June 30.—Eamon De Valera, former president of the Irish Republic, assumed supreme command of the insurgents today. De Valera took the leadership of the rebel army which is fighting Free State troops throughout the city of Dublin as Rory O'Connor's forces were driven from the Four Courts in a final Free State assault early today. The announcement was made that DeValera had openly declared war against the Collins Government. Thirty were killed and approximately fifty injured during the two days fighting between Free State troops and insurgents.

ONLY HOPE OF COAL STRIKE MEET TOMORROW LIES IN ACCEPTANCE OF HARDING PLAN FOR STABILIZING

Washington, D. C., June 30.—President Harding's conference of coal operators and union miners tomorrow will lay the foundation for permanent peace in the coal industry, if the plans of the Administration prevail at the conference. Secretary Hoover expressed himself today as being very optimistic over the situation. Settlement of the present strike is only a detail of the program, as both President Harding and Secretary Hoover agree that stabilizing of the whole industry is necessary in order to secure lasting benefits.

Washington, June 29.—With acceptance received from all of the principals in the coal strike, both of operators and miners, official Washington began preparations for the Saturday conference the President has called for bringing about a basis of resumption of work. Both sides having accepted, questions remained on only two points, first as to the identity of the individual who would represent the employees of the unionized bituminous field and second what would be the administration plan.

At the Commerce and Labor departments, where officials have been occupied with the strike settlement plan, it was intimated that the union leaders and operators, would be expected to work out their own course after the conference assembled. President Harding was expected to bring the groups together, but his engagements call for him to leave Washington, immediately and it is expected Secretary Davis and Hoover would represent the administration.

Emphasis was placed behind the assertion that the government did not expect the meeting to bring about a settlement but if possible to associate an organization represented by those present to further a course which might be followed to result in a settlement later. The gathering at the White House, it was indicated, would be transferred to other meeting rooms later and it is not likely the meeting will be public.

DIER AND PARTNER INDICTED ON 16 CHARGES BY JURY

New York, N. Y., June 30.—Indictments on seven charges of grand larceny in the first and second degree and nine charges of bucketing were returned against E. D. Dier, and Harry J. Lawrence, former partners of the firm of E. D. Dier & Co., by the Supreme Court grand jury today.

MURDER CHARGE MADE IN CLARKSBURG, W. VA SHOOTING

Clarksburg, West Va., June 30.—Charged with murder in the death of two strikers at Reynoldsville a week ago, John L. Orr, son of John Orr, Manager of the Hudson Coal Company, was arrested here today. Young Orr was alleged to have fired the shots that killed Vincent Maubito and M. Shurillo, members of the mob attacking the street car loaded with deputies and guards of the Hudson Coal Company.

RUMBLINGS OF WAR AGAIN HEARD IN W. VA. COAL FIELD

Charleston, West Va., June 30.—Rumblings of another West Virginia mine war were heard here today as two companies of National Guardsmen were rushed into the Cabin and Paint Creek Coal fields. Mobilization of troops followed reports to Governor Morgan of a contemplated march on Cabin Creek. Large bodies of men are gathered at Paint Creek and marching toward Cabin Creek.

MEXICAN REBELS RELEASING U. S. CITIZENS HELD

Washington, D. C., June 31.—Mexican rebels, under the leadership of General Gorozaave, have released the eighty-five men of the Tecero Camp of the Corpa Oil Company, near Tampico who were being held for ransom. Six Americans were among the captives.

ROCK FALL KILLS MINER IN WAGON MINE NEAR HERE

James Best, Widower, Of Sheep Rocks, Did Not Come Home Last Night; Found Dead.

CAUGHT BY ROCK

James Best, aged 59 years, miner employed by Clyde Shaffer at the Joseph Shaffer mine beyond Guinea Hill, was killed by a fall of rock while at work yesterday.

Best and two other men were working in the mine. He had a habit of taking his lunch pail with him into the mine and eating his dinner in his room instead of coming to the mouth of the drift and the other miners.

Yesterday, when the two other men completed their day's work they left the mine for their homes about 4 o'clock in the afternoon. They noticed Best's car loaded with coal standing on the track and supposed he had gone home ahead of them as had been his custom.

Best made his home with his brother Joseph Best at the Sheep Rocks, and when he failed to get home by 6 o'clock the brother instituted a search for the missing miner. He went to the home of Clyde Shaffer about 7 o'clock and asked concerning his brother. Mr. Shaffer, who had been hauling coal during the day, said he had not seen Best all day, but thought he had gone home.

Securing a lamp Mr. Shaffer and Joseph Best then entered the mine in search of the missing man. When they arrived where he had been working they found his body with the life crushed out of it wedged under a section of "draw slate" which was three inches thick, ten feet in length, and about three and one-half feet across.

Investigation showed that Best had propped up this rock but one of the props had slipped and the rock sliding down had caught the miner in a crouched position and crushed him to death.

When the accident occurred or whether or not the man had been instantly killed it was impossible to determine, but it is thought he never knew what struck him.

The body was removed from the mine and taken to Leavy's undertaking parlors where it was prepared for burial and will be held pending the arrival of the family of the deceased who reside in Clarion county.

The deceased was a widower and is survived by several grownup sons and daughters.

"LET'S GO SMILIN' THROUGH 1922" IS MESSAGE OF MOVIE

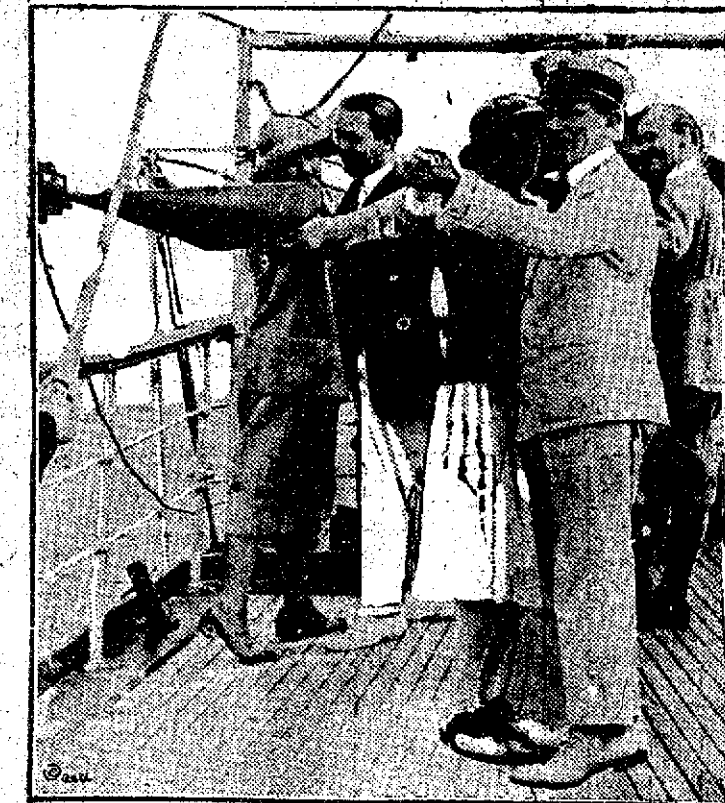

Have you seen the billboards lately. Carrying a message of optimism from President Harding.

Which is all part of the Optimism and Prosperity Campaign being conducted throughout the United States by the Rotary Clubs.

Do you realize that "Smilin' Through" is a natural tie-up to that

ODDS AND ENDS AND THINGS

By J. D. C.

Most college graduates agree that the athletic departments of the great schools have more influence in developing character than the scholastic sections and that the best men at those who can hold their own in both physical and mental efforts.

One prophet says that "the world will end in 1925," and an Irish optimist says that "Ireland's troubles will be forever past within three years."

Head-on diving in either fresh or salt water is likely to damage the eyes unless the hands folded before the face are made to lessen the blow of the water on the eyelids.

The use of anaesthetics in surgery is not a modern invention. Surgeons of by-gone days knew thousands of years ago, according to an article in the July issue of Hearst's International Magazine.

They trophied skulls, they amputated arms, legs and performed the Caesarian things with the help of anaesthetics.

Those ancient masters of surgery were without the very valuable chloroform and ether of modern times. They most commonly used opiate drugs, such as morphine and hashweed or alcohol. The leaves of plants containing cocaine were referred by the ancient races of South America.

The surgeons of ancient Egypt probably the most skillful of antiquity had a method of their own at the time. They used a special anesthetic which they called "the sleep of the gods." They hit the patient on the head with a club and operated while he was "out" as a result of the blow.

Wooden blocks were fitted to the head to save injury to scalp and the patient which the block was also of wood.

The art of hitting just had enough and at exactly the best point was a delicate one, and no doubt the expert at this scientific black jacking was as much respected in ancient Egypt as is the skilled anaesthetist today in New York or Paris.

We live and we learn. Some live faster than others and some learn faster than others. But as a rule we dawdle along without stopping.

We now learn that we have gonads. We've had them it seems since the days of Adam and Eve, only, it appears, we didn't all know that we had them.

Life is often like that. Many of us have prejudices, false notions, bad habits and manners and intestinal malformations without knowing that we have them.

Dr. Maximilian Kern, addressing the American Institute of Homeopathy in Chicago the other day sounded a trumpet note of warning against the malefic influence of bad gonads. A gonad, it seems, is some kind of a gland that we all have within us. It controls so Dr. Kern is reported as saying—our character and mentality and is in turn affected by bad temper, worry and exhaustion.

A gland of such transcending importance deserves the most considerate treatment. If your mentality is affected by your gonad and, in turn, your gonad is affected by your bad temper, you cannot afford to have a bad temper because the gonad may loaf on its job and then you will have no mentality.

It behooves you, therefore, to be good to your gonad. Maintain friendly relations with him—or her or it—take it or her or them to the movies once in a while, let her or him listen to a radio concert and, if your gonad insists, don't even hesitate to introduce it or them or which to a bootlegger.

If gonads control mentality, an important matter that has long puzzled us is now clear. Congressmen, as a rule, must be terribly cruel to their gonads.

Tomorrow in the great game of human endeavor we will have two strikes. In baseball three strikes are "out." Unfortunately baseball rules do not apply and two strikes will put the team out. The inning does not change and the team is still in the field with little hope of finishing the game.

We approach the month of July tomorrow morning with a feeling of thankfulness for the industrial. Only one little ray of hope, and hope is fleeting, beams through the clouds. This ray of hope is the conference to be held tomorrow by and between the operators and the miners' representatives at the "House."

Anybody who expects a settlement to quickly grow out of the results of this conference is an optimist indeed. The argument has quite plainly made it known that the parties to the controversy are not to be forced into a settlement at this time. It only hopes to work out a basis on which negotiations may proceed.

Three months ago today the Progress, after a study of the situation in general, made the prediction that the conference would not be held for three months. There were fundamental reasons for this prediction and the passing of the period confirms our prognostication.

Today, regretting the facts as they appear to us, we predict that the strike, so far as a contest between the organization and the operators is concerned, has simply begun. Those who believe that anything can happen in the near future to the suspension of work in the soft coal fields must indeed believe in miracles. This is absolutely no basis which the miners' union and the operators can call ground.

There is a very well defined opinion among the people of this nation that whatever settlement is made must be on a new basis, precluding the possibility of their bi-yearly suspensions and interruptions to the coal industry. Rather than expedite settlement this demand will retard it.

HERRIN AND LOGIC

Of comments on the Herrin murders made by the union leaders, by far the most sensible comes from Frank Farring, President of the Illinois Federation of Miners, couched in the form of an appeal for order. The central paragraph is as follows:

"Acts of disorder and violence only stir the public against us and make bitter enemies for us in places where we must have strong friends. Acts of destruction only appease the inflamed and angered miners but cannot win any permanent success, and if victory depends upon violence our cause is hopelessly lost."

"Already we are in disrepute in the public mind and threatened with litigation that, to say the least, will cripple our union for years to come. If, indeed, the weight of it does not sink the United Mine Workers of America."

This is the exact truth, with no attempt at palliation. Whatever excuse the miners of Herrin may have had for an attack on the mine—and it now appears that two miners had been shot previously by mine guards without sufficient provocation—it was their business to keep their own hands clean. To the time of the attack the United Mine Workers had a perfect record and consequently a better case than the operators opposing them. From now on we must balance Herrin against such towns as Logan and Matewan and against such acts as the assassination of Sid Hatfield and Ed Chambers detectives.

We must balance also the attitude of the Herrin authorities against the attitude of the authorities in Logan County. The latter, the government is controlled by the operators. The former is openly controlled by the miners. The miner's jury that found the officials of the Southern Illinois Company guilty of the twenty-one murders was sadly misjudged. The men who committed the murders are guilty. The verdict is almost pure whitewash. If the miners were to turn their cause with the public they could choose a better method than the toleration of wholesale murder.

Prosperity Begins At Home---

In trading with your fellow citizens you encourage them to trade with you.

There is also the advantage of seeing before hand just what you buy, and of keeping money working at home where you share in the benefits it brings to this community.

There are opportunities to save money by buying from local merchants. Put what you save thereby into this bank where it will earn more money for you.

Be There!—You're Expected!

COURT NOTES

The Hileman Coal Company, of Madera, by its attorney A. M. Liveright, has entered suit in the Clearfield County Courts against the Phoenix Coal Company, also of Madera, in an attempt to recover \$13,762.45 said to be due them.

The statement filed sets forth that the two companies have been operating what is known as the Hileman and Moore leases and that their mines are side by side; that the Phoenix people entered the Hileman opening and not only caused considerable damage to the latter mine but also removed coal the property of the Hileman people, amounting in the aggregate to the total amount sued for.

Suit was also entered by Pentz & Pentz, representing Agnes Alexander, in an attempt to secure from Wilhelmina Smith, Charles and Wal-

ter Smith, for her own use a property in DuBois now occupied by the Smiths.

Kramer & Kramer entered suit for McCreery & Co of Pittsburgh against Mrs. Mary A. Seabrooke, of Westover, in an effort to recover \$130.08, alleged to be due for merchandise sold the defendant.

LEGION DEFEATS MAHAFFEY

The American Legion Baseball team defeated the Mahaffey Ball Club at the Driving Park grounds yesterday afternoon in a game which was marked by the heavy hitting of the locals and Southpaw Nichols' heady pitching. Shade and Dan Bailey led the team at the bat with three bingles each, while Robinson and Dieter chalked up two hits apiece.

The box score of the game follows:

Clearfield	R	H	O	A	E
Shade, 3b	2	3	2	2	0
Bailey, cf	2	3	2	0	0
Heberling, ss	1	1	3	1	1
Robinson, 1b	2	2	6	0	0
Bell, lf	0	1	0	1	0
Fluck, c	0	0	10	0	0
Dieter, 2b	0	2	3	2	1
Bowes, rf	1	0	0	0	0

ROTARY CLUB HAS FINE OUTING AT CRYSTAL SPRINGS

The Clearfield Rotary Club, their ladies and guests to the number of 102 motored out to Crystal Springs last evening and enjoyed a steak dinner prepared by the ladies of the Lutheran church.

Martin's orchestra furnished pleasing music during the dinner and also for the dance which was held on the first floor of the commodious club house.

President Albert Bigler presided at the festivities with his usual diplomacy and showed himself to be as much at home in the woods as though at Jordy's banquet board.

"BARNYARD GOLF"

EXPERT COMING

Floyd Johnson of Grampian, Champion Horse Shoe Pitcher for the Goodrich Rubber Company of Cleveland, Ohio, will pitch against the West Side and Clearfield Machine Shops Community Service teams at the Driving Park on July 4th.

Johnson is some expert and claims he can make three ringers out of every five shoes he throws.

Promoted.

DEMPSEY ACCEPTS WILL'S CHALLENGE FOR TITULAR BOUT

New York, June 29.—First steps in negotiations which it is believed eventually will bring Jack Dempsey and Harry Willis, Negro pugilist, into the ring for a titular match for the heavy-weight crown, were taken today when Dempsey formally accepted Willis' challenge.

This acceptance was announced by the New York state boxing commission. This body officially acknowledged receipt of the challenge and a deposit of \$2,500 and later issued a proclamation stating that unless Dempsey, before July 10, accepted under reasonable conditions, his title would be declared forfeited as far as New York state boxing territory was involved.

In accepting the challenge, Dempsey, through his manager, Jack Kearns, requested that a conference between the principals be held soon, so that conditions governing the proposed bout might be considered.

No date for this conference was mentioned in the statement issued by the boxing commission but it is understood the managers of the two heavyweights will meet and arrange the necessary preliminary details within the next week or 10 days.

The secretary of the boxing commission, in issuing the formal statement, said that if the match did not appeal to promoters and there were no bids for such a contest, Dempsey, having fulfilled his part of the contract by accepting challenge, would remain in possession of the title. In New York state, if, however, the boxer should refuse what the boxing commission considered a reasonable offer, both would lose their status.

Manager Mullins, speaking for Willis, said that he desired a bout before fall, but such appeared improbable. Tex Rickard, the promoter from whom it is understood both heavyweights expect an offer, stated emphatically that he would not be interested in a contest before next summer.

CARLOAD OF TROTTER HORSES ARRIVE

Some real horse racing will be one of the features of the American Legion's big Fourth of July celebration. A carload of the fastest harness horses in Western Pennsylvania arrived in Clearfield yesterday and are being "tuned up" at the track for the races on Tuesday. There will be several different events during the day and the races will be well worth seeing.

Mills may start and mills may stop but the divorce mill runs on forever.—Boston Transcript.

Grease.

It is much easier to wash a greasy car if you heat it slightly before applying soap and water. This loosens the grease.

Count 'Em!

Hoyle Pratt, to whom the freckle championship of Nashville, Tenn., is conceded, now is claiming the title of the whole South. "I couldn't have more freckles 'less I had more face," he says.

AMERICAN WOMEN ARE CARELESS

Women are too apt to overestimate their strength and overtax it. When feeling well they take unnecessary chances which in the long run cause much pain and trouble. Wet feet, exposure to cold, lifting heavy burdens and overwork will often develop troubles which cause no end of suffering. Lydia E. Pinkham's Vegetable Compound is the unfailing remedy in such cases. Thousands of American women will testify to this fact who have regained health and strength by its use. If you are suffering it will pay you to give it a fair trial.

METHODISTS DOWN PRESBYTERIANS

The baseball team representing the C. I. C. of the West Side Methodist church won a Community Service League game from the Presbyterians last evening. It was one of the closest and most exciting games of the league season and was full of thrills from start to finish.

The box score follows:

C. I. C.	R	H	O	A	E
Dale, p	0	0	2	1	0
Bowman, 3b	0	0	0	0	1
Thompson, lf	1	2	3	0	0

By HENRY L. FARKELL

United Press Sports Editor

New York, June 30. (United Press)

—Until the bugle blows for the final "Fall In," it never will be settled who was the greatest ball player of all times. Perhaps there will be arguments then.

Debated almost as much is the greatest player of the present day.

If records amount to anything George Sisler the great first baseman of the St. Louis Browns is at least the greatest player of this season.

Any player who can lead the league in batting with 400 or better who made 100 hits in a little over one-third of a season who stole 24 bases and scored 40 runs in the same period of time as well as holding his position spectacularly is a great ball player.

Such is Sisler and it looks as if he cannot be approached this season.

With Rogers Hornsby coming as the nearest player next to Sisler St. Louis ought to establish a baseball college.

Babe Ruth is a great ball player but he is not a great team asset like Sisler. Ruth is versatile but Sisler is more a fan all around man. Sisler and Ruth both pitch play first base and in the outfield. Sisler can do them all better than Ruth.

Sisler never has been pinched for speeding. He never had a crippled hand in an important series and he was never set down for an infraction of the rules.

Charley Comiskey is being taken by the ax for a sucker if he really paid \$125,000 for Willie Kamm, third baseman for the San Francisco club.

Major league stars who played on the Pacific Coast last winter, however think that Commy made a smart deal in getting Kamm.

When the deal was made Harry Heilmann, Detroit's champion hitter, wired to a friend on the coast that Kamm was worth more money and that he had never seen a third baseman in his class.

Hornsby, Sisler, and Ty Cobb also put their stamps of approval on him.

If Jack Dempsey and Jess Willard are matched for another fight and they draw any kind of a crowd, the English brothers who paid big money to see Carpentier and Ted Lewis will be smart in comparison.

Willard can't be any better than he was in July, 1919, when he was beaten to a pulp by Dempsey and the chances are he will not be in as good condition as he was then.

Carpentier and Lewis were more of a real match than Dempsey and Willard would be. The English fans believed that the Frenchman had been severely hurt by Dempsey and that he would be far from the man he was when he fought the champion. They believed that Lewis would have a chance and he did have a bigger chance than Willard would have against Dempsey in another bout.

Dempsey has a very good way of saying "No" to a good fighter. Wanting \$500,000 for an afternoon's work is the best negative in the book.

It costs Dempsey a lot of money to live, there is no doubt. He spends enough on broiled steaks for his kennel to keep a miner's family.

Georges Carpentier is not as grateful as he is gallant. In going back over his list of victims for another financial operation, the Frenchman

How about a new pair

of shoes for your little girl? Here they are, cheap and sturdy; only \$1.50 to \$3.00 a pair, according to size. Neat and trim, with plenty of room for toes to spread out in, and built to wear in mahogany or black, with a comfortable low heel, and nature fitting lasts.

AWNINGS WILL MAKE YOUR HOME MORE HOMELIKE

There is nothing you can do to the outside of your home that will add more to its appearance than to place awnings where they will not only shade the porch but add much to its appearance.

The thought that you can go out on your porch and sit there the heated days with perfect comfort will be worth more than they cost.

Raymond Swales

totally ignored his pal, Battling Levinsky.

In refusing to fight, Max was out of the stud for a match race with Morvich, Sam D. Riddle showed that he was a real sportsman.

Racing gets by on the theory that it improves the breed of the horse and Riddle knew that he would not be improving equine posterity by bringing the great champion back to the track.

It would mean a lot of money to him, but for once in him is found a sportsman who has something else on the end of his nose besides money.

: News of : Our Neighbors

CURWENSVILLE

Mr. Raymond Sipes, who is a patient in the Clearfield Hospital is rapidly improving.

Miss Margaret Stevenson, who was the guest of Miss Mary Alice Thompson has returned to her home in Bellefonte.

Mrs. George Sawtelle and Mrs. Frank Hastings were Clearfield visitors yesterday.

250 Curwensville kiddies had a fine time at the picnic given by the Elks.

James Holton was visiting friends in Houtzdale on Wednesday.

S. W. Karstetter was transacting business in DuBois yesterday.

Miss Marjorie Murray who is attending Lock Haven Normal spent Wednesday with her parents, Mr. and Mrs. John Murray.

Lynn Hoyt of Glen Richey was shopping in town yesterday.

Messrs. Jake Kantar, Paul Robison and Clarence Ammerman motored to Williamsport on Thursday to attend the Masonic picnic.

Mrs. Raymond Smith and son have returned to their home after spending several days with relatives in Johnstown.

A committee of girls is canvassing the town urging the people to take their baskets to Irvin Park on the Fourth. Come along, be a booster for your town and make this one of the greatest Fourth's ever held in Curwensville.

Thoburn Collins left Wednesday for Spring Grove where he will spend some time with his brother.

Mr. and Mrs. Alton Hummel have purchased a property on Irvin Hill.

Mrs. J. L. Curtin and children left yesterday for Huntingdon where they will visit with relatives.

Claire Schoff has returned to his home in Northumberland after visiting his sister Mrs. Harvey M. Smith.

Misses Mary Shirk and Helen Clark were shopping in Clearfield today.

Mrs. Howard Milligan and Miss Margaret Butler of Clearfield, spent Thursday evening in town.

WOODLAND

The Woodland Citizens Band gave another of their delightful concerts last Friday evening near the N. Y. Central depot. Their music was fine and enjoyed by the large crowd of people who had gathered to hear them. The boys wore their new uniforms for the first time and presented a fine appearance.

Judging from the number of autos and people on foot who journeyed to Bradford on Sunday it must have been the largest home coming of Bradford people yet held at that place.

Howard Hughes, wife and family, of Johnstown visited last week at the home of Mrs. Hughes' father Jas. C. Leighow.

Ashely Mitchell and son, of Bellwood, spent the week end with relatives here.

Mrs. M. A. Fawcett, son Clark, and daughter Janet, of Philipsburg, visited relatives here on Sunday.

Miss Alice Livingston has returned from a week's visit with relatives and friends at Johnstown and Gaithersburg.

Miss Jno. Wilcoff and daughter Mabel were Clearfield visitors on Wednesday.

A large number of Woodland children attended kiddie day at the Clearfield Driving Park on Thursday. As early as 7:15, although it was raining they were flocking to the jitters.

Miss Pearl Woolbridge left Thursday morning for New York from which Port she will sail on Saturday for a tour of Europe.

The State Highway Department have started oiling the State Road and last evening they had oiled one

side of the road from Pine Top to Iroquois Park. The oil is well covered however and is not bad for driving over.

The plans for a big Fourth of July at Woodland are about complete. The base ball boys were disappointed in not being able to get New Millport to play, but have secured the Hawk Run team for two games on that day. One game in the morning and one in the afternoon.

Mr. and Mrs. Wilson, of Clearfield spent the week end at the home of Mr. and Mrs. Carl Jones.

Miss Lois Mitchell is visiting relatives in Clearfield.

Mrs. Wm. Barger was a Clearfield visitor on Thursday.

Russell Moore of Willmore is visiting relatives here.

Mrs. Bessie Young and children, of Mineral Springs spent Thursday at Clearfield Driving Park.

Frank Holden of Mineral Springs has moved his family to Wallacetown. Mr. Holden is a H. & W. Ref. Co. Driller.

CREAM CO.

A BUSINESS COUPE OF STEEL

Dodge Brothers offer to the business public of America an entirely new principle in Coupe body construction.

From framework to window mouldings the body is built of steel. It is the first all-steel closed car ever marketed. This design anticipates every possible requirement of commercial travel. It insures unusual quietness—unusual grace—unusual stamina. It has made it possible to give the Coupe that same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous.

The upholstery is of genuine leather—leather that will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks, and every other appointment necessary to the owner's comfort and protection.

Built inside and out to withstand the wear and tear of everyday use, it retains the same lightness and beauty of line which you are accustomed to look for in Dodge Brothers cars.

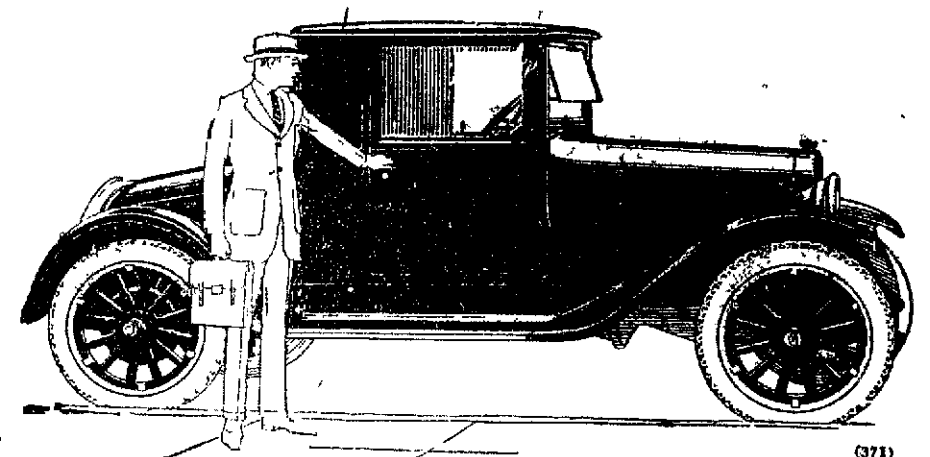

It is the Business Coupe which business people the world over have been expecting—from Dodge Brothers.

The price is \$980 f. o. b. Detroit.

MARKET ST DIMELING HOTEL BUILDING CLEARFIELD

WILL TRY TO HEAD OFF MARCHERS WHO APPROACH DONORA

Donora, Pa., June 30.—State police and deputy sheriffs patrolled the roads leading into Donora today in an attempt to head off 200 striking miners reported enroute to several wagon mines here. The strikers were reported to be coming here in seven trucks stolen from the Fry Coal Company mines at Twilight, near Charleroi, which they closed down this morning by forcing twenty-five men to leave their jobs and damaging much property.

The Things Worth While.
Education is the calling forth of all those qualities by which man is distinguished—it is "proficiency in living." What ministered satisfaction to the man of seventy, eighty, ninety in recalling his past life? Only the recollection of how far he had displayed in intercourse with his fellow-men those qualities with which a true education is concerned—love of love, hate of hatred, fellowship, service to the community.—The Friend (London).

HALF-YEARLY RATE AUTO LICENSE TIME IS AUGUST 1

Harrisburg, Pa., June 29.—The state highway department called attention to the fact that applications for automobile registration for the half yearly rate are not receivable until August 1.

The automobile division is receiving many applications for licenses from people who believe the half yearly privilege begins July 1. These applications are being returned. Last year the state issued more than 8000 half year licenses.

Youth Preserver.
A noble life aim is more than an ambition preserver; it is also a powerful health and youth preserver. It is a tonic that prevents premature aging. When the faculties are employed in working out a splendid destiny we are happy, contented; the mind is so fully occupied that it cannot deteriorate or lose its buoyancy. And it is the mind that keeps the body young.

His Next Anniversary.
Bobby was four years old and so he had a birthday party. About a week later some friends called on us. One of them asked Bobby how old he was, and he replied: "When I have another party I'll be five."—Chicago Tribune.

HARVEY TEEPLES

Harvey Teeples departed this life at the County Home on Sunday, June 25, 1922, aged 51 years, 2 months and 14 days. The deceased was born on Montgomery Creek, near the "oil farm". He was badly crippled, being unable to use his lower limbs and propelled himself about by the use of his hands. Despite his physical handicap he was a willing worker and for years fired the boilers at the bakery for three days per week and worked in the laundry the other three days. He also husked corn, picked potatoes, and did any other odd job about the farm that came to his hand.

He bore his misfortunes with true Christian fortitude and was generally respected by all who knew him.

Ravages of the Gypsy Moth.

The gypsy moth was introduced in this country at Medford, Mass., in 1869, in connection with some experiments in hybridizing silkworms. A few specimens escaped, and about 20 years later the insect had become a serious pest. Between 1890 and 1900 the state of Massachusetts spent about \$1,000,000 in combating the insect, which became scarce temporarily, but speedily resumed its depredations when the campaign against it was discontinued.

Shakespeare Biting in 1593.
As the Greek tongue is made famous and eloquent by Homer, Hesiod, Euripides, Aeschylus, Sophocles, Plautus, Phryllides and Aristophanes; and the Latin tongue by Virgil, Ovid, Horace, Silius, Juvenal, Lucanus, Livius, Seneca, and Claudius, so the English tongue is mightily invested in rare ornaments and resplendent embellishments by Sir Philip Sidney, Spenser, Daniel, Drayton, Warner, Shakespeare, Marlowe and Chapman.—Francis Meres, in Palladis Tamia.

Them Were the Happy Days.
Progress is progress, but still, back in the old days a horse could out-a-shoe without having to get out in the mud and rain to put on a new one before you could continue your journey; and you never had to walk back 10 miles to the nearest feed store because old Dobbin had run out of hay.—Brooklyn Eagle.

The Usual Whine.
After a run has made an ass of himself and thrown away his chances there isn't much left except the pleasantry of complaining that people didn't treat him right.—Birmingham News.

Well Said.
Some one was urging Martha to tell her secret, when she sagely remarked: "A secret isn't a secret after it is told."

A Memory.
"You talk about the good old days and the fun you used to have. Why, you didn't have moving pictures, but we had living pictures."—Judge.

Figs Called Natural Sweets.
Next to honey, and almost as ancient, figs and dates are the most natural of our sweet foods.

Good Looks.
"What a treat good-looking people are! How they ought to be encouraged when the general public is so commonplace—good looks, when probed to their essence, are as often as not a good spirit looking out through ordinary eyes, nose and hair."—"The Venetians," by Sir Harry Johnston.

Riddle—Dad, you'll have to raise my spending allowance. The papers referred to me yesterday as a actor.—Wayside Tales.

Better than Pills

YOU WILL NEVER wish to take another dose of pills after having once used Chamberlain's Tablets. They are easier and more pleasant to take, more gentle and mild in their action and more reliable. They leave the bowels in a natural condition, while the use of pills is often followed by severe constipation, requiring a constant increase in the dose. Every bottle guaranteed by your druggist.

Chamberlain's Tablets

What becomes of the girl who goes to the Big Town to seek fame on the stage? See the answer in—

Mr. and Mrs. Leo McLean, of Philadelphia, are visiting with Mr. and Mrs. C. W. Herrington on Ogden avenue.

Mrs. Roy Brown and son, of DuBois, are visiting Mrs. Brown's parents, Mr. and Mrs. Geo. Thurston.

Mr. and Mrs. Lloyd Wrigley and son George have returned from a visit with relatives at Akron, Ohio, and Pittsburgh.

Mrs. Robert Reid of Parkersburg, Iowa, is the guest of her sister Mrs. Fred B. Lee at her home on Ogden avenue.

Division of Labor.

In the upper Amazon there is an interesting tribe, which, in its division of work is reminiscent of the guilds of the Middle Ages. One portion makes clothing and nothing else; another one is purely agricultural; another devotes its time and labor to the construction of weapons, and so on. Their pottery, however, is the most notable of their productions. Some of these jars are extremely large but very thin, although strong and durable. Some of the smaller vessels are almost as thin as paper.

Greatly Interested.

"The milkmaids of Jamaica are one of the wonders of the island," reported a prominent Bradford (Pa.) business man, after a stay in Montego Bay, Jamaica, B. W. I. "They can carry large cans of milk from mountain ranges to markets on their heads, and never even move the cans as they sell and pour out the milk. They go up stairs and down, and are so adept that when they start up a flight they can begin to fill their pails, measuring the amount by the number of steps taken. I watched them many times with great interest and delight."

The Telephone's Monologue.

I am a telephone. While I am not broke, I am in the hands of a receiver. I have a multitude, but unlike a woman I never use it. Follows use me to make things with girls and girls use me to keep their lasses. Hands call up their wives over me and wives call their husbands down over me. I never get to get anywhere, but sometimes the company comes and takes me out. I am not a bee, but I often buzz. I am the "Bell" of the town, and while I do not get jewelry, I often get rings—The Northwestern Bell.

FLANNERY JURY
ASKS FOR LETTER
WRITING MATERIAL

Pittsburgh, Pa., June 30.—Members of the jury now in its seventh day seeking a verdict in the case of James J. Flannery, charged with killing his wife on February 13th, sent out a request for stationery today.

The jurors have been away from their homes for nearly two weeks and it was understood they wanted to assure their families that they were not trying to beat the record made several years when a jury was out for eleven days before reaching a verdict.

JEWELL DEFIES RAIL LABOR BOARD!

FOUR COURTS BURNING IN DUBLIN BLOWN UP

OLD GUARD GOES DOWN TO DEFEAT IN NORTH DAKOTA

McCumber Put On Shelf & Frazier Wins; Takes Place With Pinchot, Beveridge, Brookhart.

BATTLE IS CLOSE

Fargo, N. D., June 30.—Lynn J. Frazier took the lead today from Porter J. McCumber in the contest of ballots in the North Dakota primaries. The vote from 1424 precincts stood: Frazier 63,751, McCumber 63,115.

Fargo, N. D., June 30.—Non-partisans were confident today that North Dakota would be represented in the United States Senate by two elected Senators after the November elections. Defeat of Porter J. McCumber for the Republican Senatorial nomination by Lynn J. Frazier makes the latter's election certain, Non-Partisan leaders believe. E. F. Ladd, Non-Partisan, is now in the Senate representing North Dakota, with two years yet to serve. Although there were a large number of votes yet to be counted, McCumber's supporters conceded defeat. Because of his important position, as author of the tariff and bonus bills, McCumber's loss will be keenly felt by the Administration.

"If elected in November I expect to acquaint myself with the Progressive Republicans and work in harmony with them and with the agricultural Senators, designated as the Farm Bloc," Frazier said today.

Washington, June 29.—Defeat in yesterday's North Dakota primaries of Porter J. McCumber, 24 years a senator, chairman of the important Senate finance committee and sponsor for the pending tariff and bonus measures, marks the most severe (Continued on Page 2).

HEAD OF SHOPCRAFT WORKERS REFUSES TO OBEY CITATION OF LABOR BOARD AND STRIKE ORDER WILL STAND

Chicago, Illinois, June 30.—Bert M. Jewell, head of the shop craft workers, who were scheduled to strike at 10 A. M. Saturday, today defied the Rail Labor Board. Jewell refused to appear before the Board in answer to a citation asking him to attend the conference. Jewell claimed the Board had exceeded its authority in issuing the citation. Hope of averting a strike faded rapidly when Jewell failed to appear. Many of the other leaders of unions were on hand. Railroad executives who had been asked to appear were not present. The maintenance of way union, which has not ordered a strike, but which has taken a strike vote, was not represented.

Washington, D. C., June 30.—High Administration officials today entertained strong hopes that the threatened railroad strike would be averted, in spite of the fact that 400,000 members of the shop crafts union are under orders to stop work tomorrow morning. These officials anticipate action sometime today which will postpone the strike pending discussions for settlement of the controversy. No matter what happens, however, Washington will keep hands off until the public interests are jeopardized.

Today's session of the Cabinet will discuss the strike situation, but no statement will be forthcoming unless it would be along the lines that the Administration looks with disfavor on a strike, especially coming as would just when business is beginning to show improvement.

CARBONDALE STREET CAR PLUNGES THRU BRIDGE; 18 INJURED

Carbondale, Pa., June 30.—Eighteen persons are reported to have suffered serious injuries when a car on the Scranton Railway went through a bridge near here. The car which was disabled and beyond control was filled with men and women on their way to work.

LARGEST IMMIGRANT ARMADA IN HISTORY APPROACHES U. S.

Stapleton, N. Y., Quarantine Station, June 30.—The greatest immigrant armada in history bore down upon New York today. A score of huge liners bringing a horde of foreigners are rushing for port just outside the three mile limit. At the stroke of midnight tonight the gateway of the new world will swing open to the proportion of these immigrants who are eligible to enter the country.

SHERIFF, HUNTING FIREARMS, FINDS FIREWATER MILL

Sheriff Tom Lowell "killed two birds with one stone" up in the Madera country yesterday. The Sheriff was sent after an alien named John Sweeti, who was charged with unlawful possession of fire arms.

A search of the Sweeti premises failed to disclose any gun, but in his digging around Tom ran across an up-to-date moonshine still. Sweeti declared the still to be the property of a neighbor woman and said it had been left with him because the woman had no good place to hide it when it wasn't working.

The woman was interviewed and she corroborated Sweeti's statement. Both parties were then arrested for having the machine in their possession and gave bail for Court, while the still was brought to the Court House and lodged with the other moonshine paraphernalia already on hand.

EIGHTY KILLED IN CENTRAL PORTION OF IRISH CITY

Dublin, Ireland, June 30.—Eighty persons were killed and injured in the first explosion at the Four Courts today, it was announced this afternoon.

Belfast, Ireland, June 30.—The bodies of three British soldiers, kidnapped recently at McRoon, were found hanging from a tree, according to reports reaching here.

London, England, June 30.—Thirty Free State soldiers were killed or wounded when a mine planted by insurgents blew up the Four Courts in Dublin. Winston Churchill announced in the house of Commons today. Several buildings near the Four Courts broke into flames as the result of the blast. A party of insurgents ambushed a detachment of British troops, killing two. The Four Courts buildings were surrendered unconditionally.

WILL OPERATE BUS LINES TO DUBOIS SOON AS POSSIBLE

As noted by advertising in the Courier, the Edwards Bus line is maintaining a bus service between DuBois and Luthersburg. The certificate of convenience granted to the Edwards company permit them to maintain a service between DuBois and Clearfield but until the street road is completed, the service will only extend as far as Luthersburg. The company has made application for a certificate to operate between Shafts Nos. 1 and 2 and this city, but until the Public Service Commission takes action favorably, this territory cannot be covered by the busses.

Just as soon as the state road between DuBois and Clearfield is opened, the Edwards company which operates between Curwensville and Clearfield, will extend its service over the entire route. The company expects to get a new equipment for the schedule between DuBois and the county seat, and a representative stated that the route would be covered in one hour and one-half.

Mrs. E. A. Markel and little daughter Madeline, of Snow Shoe, arrived in town this morning and will spend the Fourth at the home of Mr. and Mrs. J. D. Connelly on South Fourth street.

Lansdale, Pa., June 30.—Every dog has his day. This is Dick's. Dick, a huge mastiff, will be sentenced to die by Magistrate Howard Borsay today because his master is an alien. Jack Silverman, owner of Dick is an unaturalized Russian and under the State laws a dog belonging to an alien must be executed. Samuel Conyer, attorney for Dick, will go before Magistrate Borsay today to plead for Dick's life. If necessary, Conyer will ask that the law be set aside in this case and that Dick be allowed to live on humanitarian grounds.

DeValera Assumes Command of Insurgents. --- Reported to Have Openly Declared War On Collins

Dublin, Ireland, June 30.—Eamon De Valera, former president of the Irish Republic, assumed supreme command of the insurgents today. De Valera took the leadership of the rebel army which is fighting Free State troops throughout the city of Dublin as Rory O'Connor's forces were driven from the Four Courts in a final Free State assault early today. The announcement was made that DeValera had openly declared war against the Collins Government. Thirty were killed and approximately fifty injured during the two days fighting between Free State troops and insurgents.

ONLY HOPE OF COAL STRIKE MEET TOMORROW LIES IN ACCEPTANCE OF HARDING PLAN FOR STABILIZING

Washington, D. C., June 30.—President Harding's conference of coal operators and union miners tomorrow will lay the foundation for permanent peace in the coal industry, if the plans of the Administration prevail at the conference. Secretary Hoover expressed himself today as being very optimistic over the situation. Settlement of the present strike is only a detail of the program, as both President Harding and Secretary Hoover agree that stabilizing of the whole industry is necessary in order to secure lasting benefits.

Washington, June 29.—With acceptance received from all of the principals in the coal strike, both of operators and miners, official Washington began preparations for the Saturday conference the President has called for bringing about a basis of resumption of work. Both sides having accepted, questions remained on only two points, first as to the identity of the individual who would represent the employees of the unionized bituminous field and second what would be the administration plan.

At the Commerce and Labor departments, where officials have been occupied with the strike settlement plan, it was intimated that the union leaders and operators, would be expected to work out their own course after the conference assembled. President Harding was expected to bring the groups together, but his engagements call for him to leave Washington, immediately and it is expected Secretary Davis and Hoover would represent the administration.

Emphasis was placed behind the assertion that the government did not expect the meeting to bring about a settlement but if possible to associate an organization represented by those present to further a course which might be followed to result in a settlement later. The gathering at the White House, it was indicated, would be transferred to other meeting rooms later and it is not likely the meeting will be public.

DIER AND PARTNER INDICTED ON 16 CHARGES BY JURY

New York, N. Y., June 30.—Indictments on seven charges of grand larceny in the first and second degree and nine charges of bucketing were returned against E. D. Dier, and Harry J. Lawrence, former partners of the firm of E. D. Dier & Co., by the Supreme Court grand jury today.

MURDER CHARGE MADE IN CLARKSBURG, W. VA SHOOTING

Clarksburg, West Va., June 30.—Charged with murder in the death of two strikers at Reynoldsville a week ago, John L. Orr, son of John Orr, Manager of the Hudson Coal Company, was arrested here today. Young Orr was alleged to have fired the shots that killed Vincent Maubito and M. Shurillo, members of the mob attacking the street car loaded with deputies and guards of the Hudson Coal Company.

RUMBLINGS OF WAR AGAIN HEARD IN W. VA. COAL FIELD

Charleston, West Va., June 30.—Rumblings of another West Virginia mine war were heard here today as two companies of National Guardsmen were rushed into the Cabin and Paint Creek Coal fields. Mobilization of troops followed reports to Governor Morgan of a contemplated march on Cabin Creek. Large bodies of men are gathered at Paint Creek and marching toward Cabin Creek.

MEXICAN REBELS RELEASING U. S. CITIZENS HELD

Washington, D. C., June 31.—Mexican rebels, under the leadership of General Gorozaive, have released the eighty-five men of the Tecero Camp of the Corpa Oil Company, near Tampico who were being held for ransom. Six Americans were among the captives.

ROCK FALL KILLS MINER IN WAGON MINE NEAR HERE

James Best, Widower, Of Sheep Rocks, Did Not Come Home Last Night; Found Dead.

CAUGHT BY ROCK

James Best, aged 59 years, miner employed by Clyde Shaffer at the Joseph Shaffer mine beyond Guinea Hill, was killed by a fall of rock while at work yesterday.

Best and two other men were working in the mine. He had a habit of taking his lunch pail with him into the mine and eating his dinner in his room instead of coming to the mouth of the drift and the other miners.

Yesterday, when the two other men completed their day's work they left the mine for their homes about 4 o'clock in the afternoon. They noticed Best's car loaded with coal standing on the track and supposed he had gone home ahead of them as had been his custom.

Best made his home with his brother Joseph Best at the Sheep Rocks, and when he failed to get home by 6 o'clock the brother instituted a search for the missing miner. He went to the home of Clyde Shaffer about 7 o'clock and asked concerning his brother. Mr. Shaffer, who had been hauling coal during the day, said he had not seen Best all day, but thought he had gone home.

Securing a lamp Mr. Shaffer and Joseph Best then entered the mine in search of the missing man. When they arrived where he had been working they found his body with the life crushed out of it wedged under a section of "draw slate" which was three inches thick, ten feet in length, and about three and one-half feet across.

Investigation showed that Best had propped up this rock but one of the props had slipped and the rock sliding down had caught the miner in a crouched position and crushed him to death.

When the accident occurred as to whether or not the man had been instantly killed it was impossible to determine, but it is thought he never knew what struck him.

The body was removed from the mine and taken to Leavy's undertaking parlors where it was prepared for burial and will be held pending the arrival of the family of the deceased who reside in Clarion county.

The deceased was a widower and is survived by several grownup sons and daughters.

"LET'S GO SMILIN' THROUGH 1922" IS MESSAGE OF MOVIE

Have you seen the billboards lately. Carrying a message of optimism from President Harding.

Which is all part of the Optimism and Prosperity Campaign being conducted throughout the United States by the Rotary Clubs.

Do you realize that "Smilin' Through" is a natural tie-up to that (Continued on Page 2).

Marconi Dances to His Own Music

Senator Guglielmo Marconi, father of wireless telegraphy (right), waltzes to radio music on board his yacht Elettra.

Only Two More Days Are Left for You to Decorate Your Home or Business Place for the 4th of July. Get Busy!

EVERETT TRUE

BY CONDO

HEY, EVERETT, GOING TO YOUR OFFICE?
I'M GOING PAST THERE! CUM IN
AND TAKE A RIDE!

I GUESS YOU DIDN'T KNOW I COULD DRIVE
A CAR, EVERETT. I'VE BEEN DRIVING ABOUT
A WEEK NOW.

ALL RIGHT, I'LL GO WITH YOU —
MOVE OVER!

BEEN DRIVING A WHOLE
WEEK, EH?

Let's Go Smilin'

(Continued from Page One)..

campaign; that it carries the very
spirit of optimism which the Rotary
Clubs are out to create.

It presents a perfect slogan: "Let's
Go Smilin' Through Nineteen Twenty
two."

Let's go.

Old Guard Goes

(Continued from Page One)..

blow the Republican Old Guard has
sustained in this year's primary votes.

The verdict carried a more distinct
political threat to the Harding Admin-
istration, as politicians here viewed
the result, than did the overturn of
the organization in Pennsylvania, In-
diana and Iowa. For while President
Harding himself did not take a hand
one way or the other in the North
Dakota fight, administration senators
did openly and for the first time.

Farm Bloc Helps

Thirteen colleagues of the veteran
chairman joined in an appeal to the
State to return McCumber. Three
farm tariff leaders—Capper of Kan-
sas, McNary of Oregon, Gooding of
Idaho—likewise sought to save Mc-
Cumber by eulogistic statements of his
work for the farmer on the tariff bill.
McCumber himself addressed a last
minute appeal to the farmers of the
state, based on the claimed merits of
the tariff bill. And the voters turned
an down.

Classy Dressers in 1776

The following was the uniform for
officers of the corps, by order of
the "Militia Committee," dated Sep-
tember 5, 1776: "A green coat faced
with white, round cuff, slashed sleeves
and pockets, with buttons round the
skirt, turned back. Buttons to
the waist; white waistcoat and
reeches edged with green, black
stockings and garters." The order also
stated that green shirts were ordered
for the men "if they can be procured."

Cuckoo Lays Eggs of Any Size.
For ingenious villainy, the cuckoo
holds the prize among birds. It lays
eggs in the nests of other birds; then,
as soon as the young cuckoos hatch,
it lifts the other nestlings on its back
and throws them from the nest or eats
them of the food brought back by their
parents. The cuckoo seems to have
the ability to lay eggs of the same size
as those already in the nest, whether
they are large or small.

Tom Sims SAYS---

They have banquet menus so you
won't wonder what you are eating.

A dark past is nearly as hard to
live down as a bright future is to
live up to.

Frenchmen are shaving their eye-
brows. Perhaps they think they
are moustaches.

Every year about 1000 people
drown in this country. Moral: Don't
rock the canoe.

Our ambition is to be so rich that
when we go broke we can call it fi-
nancially embarrassed.

Who remembers when a man that
wore a checkered suit had a dark past
ahead of him?

The ex-kaiser's book promises to
be among the six worst smelters.

Nearly everybody has a Sunday
suit. It is usually suit yourself.

A farmer makes his living from
the soil and so do laundries.

If dreams go on, eventually, we
should hate to dream we had a mil-
lion.

The soft coal situation is a hard
coal situation.

Generally speaking too many peo-
ple are generally speaking.

The hardest thing about keeping
a house is paying the rent.

We have a doctor shortage but as
long as bootleggers are busy there
will be no patient shortage.

A flapper doesn't make her way,
but she has it.

You can't kiss a girl with rouged
lips without getting red in the face.

Reno's 20 divorce decrees in one
day leaves the score untied.

People who get into everything
usually include debt.

The longest day in the year is any
rainy day.

Two can't live any cheaper than
one but they can look cheaper.

Badly Put.

She was a large woman, and not
what you might call handsome. But
she was an actress. She was the des-
tined youth should have been a more dip-
tomatist. "Miss Tubbs," he said, when
he thought it was about time to bring
matters to a head. "Sarah," for
months past my thoughts and aspira-
tions have been centered on one great
object." He smiled encouragingly.
"Miss Tubbs," Sarah said, "I say I
you are that great object." "Sir!"
And a few moments later she would
be a sultor crept dejectedly from the
house.—London Tit-Bits.

Journalists once "courants."

Before the word newspaper came in
to use in England the name "courant"
was given to journals. The first Eng-
lish "Courant" was issued December
2, 1820. There are 24 of these in the
library of the British museum, London
bearing weekly dates from that gives
above to October 22, 1821.

BORAH LAUNCHES FIGHT AGAINST SHIP SUBSIDY

Washington, D. C. June 30.—Sen-
ator Borah today launched his fight
against the ship subsidy bill as Pres-
ident Harding was making an effort
to line up the farmers in favor of it.
Senator Borah charges that the ef-
forts of a group of Senators insis-
tent that a cloture rule be adopted
to shut off Senate debate on certain
kinds of bills was intended to gag
the Senate on the ship subsidy bill.

Smallpox Vanishing

Much less than two centuries ago
smallpox was more prevalent than la-
zeas today. In Europe those who
escaped it were a minority. George
Washington caught it when seventeen
years old in Barbadoes, and bore the
marks of it through life. Of all the
great epidemic diseases, smallpox was
the most terrible enemy of mankind.
Conquest of it may be regarded as one
of the most remarkable of human
achievements. Vaccination, supple-
mented by the practice of isolating
sufferers, has wiped it out so thorowly
in this country that since 1904 (ac-
cording to a newly published state-
ment of the public health service),
leaths from smallpox have been less
than one in 100,000 of our population
per annum.

Horsepower of Human Voice

It was discovered some years ago
by a French investigation who pub-
lished the results of his experiments
in the Journal de Physique that the
average male, speaking for one hour,
expends sufficient energy to enable
him, in another sphere of work, to lift
a two-pound weight 40 inches from
the ground every minute. But that
is only one-fifth of the energy wasted
by a typical tub-thumping open-air
speaker, who might as easily be lift-
ing coal from the floor to his shoul-
der. The female voice, however, is
of quite a different caliber, for its
mechanism requires so little horse-
power to operate that a woman can,
it is asserted, talk four times as long
and four times as easily as a man
for the same expenditure of energy.

ROBINSON IS STRICTLY ALRIGHT

W. G. Robinson, who has been in
charge of Community Service activi-
ties and development here the past
three months, and who has had much
to do with the fine success of the
movement here, leaves today for his
home in Bridgeport, Conn. Mr. Rob-
inson will rest for several weeks at
his home before again taking up his
work in some other section of the
U. S. A. He is a very pleasant gen-
tleman, an indefatigable worker and
made a host of warm friends during
his stay in Clearfield.

Stone Implements All Alike

Perhaps the most characteristic of
the Stone Age are the stone axes and
hammers discovered in many places
in America. They are almost identi-
cal with the tools of the neolithic
man found in Europe. The stone
weapons include daggers and war
clubs. There are many examples of
stone dishes, hewn from small bowl-
lers. With what appear to have been
colling plus of somewhat angular de-
sign the prehistoric woman of this
coast seems to have been well sup-
plied. Primitive man in British Col-
umbia apparently did a little smok-
ing now and then. "Old shag" mounds
in the Thompson and Fraser rivers
have yielded what appear to have
been stone pipes. The early
explorers found the native races using
a true tobacco, nicotine attenuated,
which grows wild in the Thompson
river country and was smoked alone
or mixed with grease and kinnikinnik.

FIXING WATCHES OR CLOCKS RIGHT

Of course most any one can
"fix" a watch or clock but the
real art in the profession is
fixing them right and so they'll
run and keep perfect time.

We are doing that very thing
every day—fixing watches and
clocks so that they will stay fixed
and keep as good time as the
day you bought them.

If you have a watch that is
running wild or if you have a
clock that you have grown to
like—and it won't run, bring either
here and we will put them
in shape they should be in.

W. W. O'Brien

Much Harm Done by Smokes

It may sound an extreme statement
but there is reason to think that a
smokeless atmosphere would do more
to rid us of our diseases than any other
conceivable means of prevention.
We should in summer have a daily
flushing of our streets and houses with
the great antiseptic, and even in win-
ter the unfilitered rays would "keep
down the vermin" which threaten us.
We cannot make our winters warmer
than they are, but we can most em-
phatically secure the services of "na-
ture's gamekeeper" to prevent the an-
nual overgrowth of bacterial pests.

EVER TRY BREAD AND MILK AS A LUNCH?

Bread and milk makes a great
lunch and the real nutrient comes
from the milk that you get. But
there's one thing you want to be
sure of and that is that you get
pasteurized milk that is just like
ours.

You will find that our milk is
as pure as any milk can possibly be
and as high in nutritive value as
any milk on earth.

Eat bread and milk but be sure
that the milk is pasteurized.

LIFE INSURANCE SAFE INVESTMENT

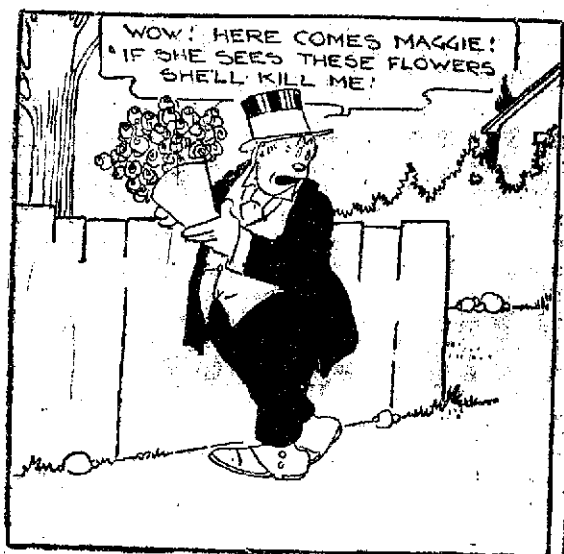

Life insurance is looked
upon much differently
these days than it used to
be. It is now figured as a
form of savings and as a
form of protection against
losses other than death.

The companies I repre-
sent have as liberal policies
as any other company do-
ing business in this state,
and you'll find that the
terms are much to your
liking.

ODDS AND ENDS AND THINGS

By J. D. C.

Most college graduates agree that the athletic departments of the great schools have more influence in developing character than the scholastic sections and that the best men at those who can hold their own in both physical and mental efforts.

One prophet says that "the world will end in 1925," and an Irish optimist says that "Ireland's troubles will be forever past within three years."

Head-on diving in either fresh or salt water is likely to damage the eyes unless the hands folded before the face are made to lessen the blow of the water on the eyelids.

The use of anaesthetics in surgery is not a modern invention. Surgeons of by-gone days knew thousands of years ago, according to an article in the July issue of Hearst's International Magazine.

They trophied skulls, they amputated arms, legs and performed the Caesarian things with the help of anaesthetics.

Those ancient masters of surgery were without the very valuable chloroform and ether of modern times. They most commonly used opiate drugs, such as morphine and hashweed or alcohol. The leaves of plants containing cocaine were referred by the ancient races of South America.

The surgeons of ancient Egypt probably the most skillful of antiquity had a method of their own at the time. They hit the patient on the head with a club and operated while he was "out" as a result of the blow.

Wooden blocks were fitted to the head to save injury to scalp and the metal which hit the block was also of wood.

The art of hitting just had enough and at exactly the best point was a delicate one, and no doubt the expert at this scientific black jacking was as much respected in ancient Egypt as is the skilled anaesthetist today in New York or Paris.

We live and we learn. Some live faster than others and some learn faster than others. But as a rule we dawdle along without stopping.

We now learn that we have gonads. We've had them it seems since the days of Adam and Eve, only, it appears, we didn't all know that we had them. Life is often like that. Many of us have prejudices, false notions, bad habits and manners and intestinal malformations without knowing that we have them.

Dr. Maximilian Keri, addressing the American Institute of Homeopathy in Chicago the other day sounded a trumpet note of warning against the malefic influence of bad gonads. A gonad, it seems, is some kind of a gland that we all have within us. It controls so Dr. Keri is reported as saying—our character and mentality and is in turn affected by bad temper, worry and exhaustion.

A gland of such transcending importance deserves the most considerate treatment. If your mentality is affected by your gonad and, in turn, your gonad is affected by your bad temper, you cannot afford to have a bad temper because the gonad may loaf on its job and then you will have no mentality.

It behooves you, therefore, to be good to your gonad. Maintain friendly relations with him—or her or it—take it or her or them to the movies once in a while, let her or him listen to a radio concert and, if your gonad insists, don't even hesitate to introduce it or them or which to a bootlegger.

If gonads control mentality, an important matter that has long puzzled us is now clear. Congressmen, as a rule, must be terribly cruel to their gonads.

Entered in Post Office at Clearfield, Pa., as second class mail matter.

Tomorrow in the great game of human endeavor we will have two strikes. In baseball three strikes are "out." Unfortunately baseball rules do not apply and two strikes will put the team out. The inning does not change and the team is still in the field with little hope of finishing the game.

We approach the month of July tomorrow morning with a feeling of thankfulness for the industrial. Only one little ray of hope, and hope is fleeting, beams through the clouds. This ray of hope is the conference to be held tomorrow by and between the operators and the miners' representatives at the "House."

Anybody who expects a settlement to quickly grow out of the results of this conference is an optimist indeed. The argument has quite plainly made it known that the parties to the controversy are not to be forced into a settlement at this time. It only hopes to work out a basis on which negotiations may proceed.

Three months ago today the Progress, after a study of the situation in general, made the prediction that the conference would not be held for three months. There were fundamental reasons for this prediction and the passing of the period confirms our prognostication.

Today, regretting the facts as they appear to us, we predict that the strike, so far as a contest between the organization and the operators is concerned, has simply begun. Those who believe that anything can happen in the near future to the suspension of work in the soft coal fields must indeed believe in miracles. This is absolutely no basis which the miners' union and the operators can call on.

There is a very well defined opinion among the people of this nation that whatever settlement is made must be on a new basis, precluding the possibility of their bi-yearly suspensions and interruptions to the coal industry. Rather than expedite settlement this demand will retard it.

HERRIN AND LOGIC

Of comments on the Herrin murders made by the union leaders, by far the most sensible comes from Frank Farring, President of the Illinois Federation of Miners, couched in the form of an appeal for order. The central paragraph is as follows:

"Acts of disorder and violence only stir the public against us and make bitter enemies for us in places where we must have strong friends. Acts of destruction only appease the inflamed and angered miners but cannot win any permanent success, and if victory depends upon violence our cause is hopelessly lost."

"Already we are in disrepute in the public mind and threatened with litigation that, to say the least, will cripple our union for years to come. If, indeed, the weight of it does not sink the United Mine Workers of America."

This is the exact truth, with no attempt at palliation. Whatever excuse the miners of Herrin may have had for an attack on the mine—and it now appears that two miners had been shot previously by mine guards without sufficient provocation—it was their business to keep their own hands clean. To the time of the attack the United Mine Workers had a perfect record and consequently a better case than the operators opposing them. From now on we must balance Herrin against such towns as Logan and Matewan and against such acts as the assassination of Sid Hatfield and Ed Chambers.

We must balance also the attitude of the Herrin authorities against the attitude of the authorities in Logan County. The latter, the government is controlled by the operators. The former is openly controlled by the miners. The miner's jury that found the officials of the Southern Illinois Company guilty of the twenty-one murders was sadly misled. The men who committed the murders are guilty. The verdict is almost pure whitewash. If the miners were to turn their cause with the public they could choose a better method than the toleration of wholesale murder.

Prosperity Begins At Home---

In trading with your fellow citizens you encourage them to trade with you.

There is also the advantage of seeing before hand just what you buy, and of keeping money working at home where you share in the benefits it brings to this community.

There are opportunities to save money by buying from local merchants. Put what you save thereby into this bank where it will earn more money for you.

COURT NOTES

The Hileman Coal Company, of Madera, by its attorney A. M. Liveright, has entered suit in the Clearfield County Courts against the Phoenix Coal Company, also of Madera, in an attempt to recover \$13,762.45 said to be due them.

The statement filed sets forth that the two companies have been operating what is known as the Hileman and Moore leases and that their mines are side by side; that the Phoenix people entered the Hileman opening and not only caused considerable damage to the latter mine but also removed coal the property of the Hileman people, amounting in the aggregate to the total amount sued for.

Suit was also entered by Pentz & Pentz, representing Agnes Alexander, in an attempt to secure from Wilhelmina Smith, Charles and Wal-

ter Smith, for her own use a property in DuBois now occupied by the Smiths.

Kramer & Kramer entered suit for McCreery & Co of Pittsburgh against Mrs. Mary A. Seabrooke, of Westover, in an effort to recover \$130.08, alleged to be due for merchandise sold the defendant.

Not Flattering

LEGION DEFEATS MAHAFFEY

The American Legion Baseball team defeated the Mahaffey Ball Club at the Driving Park grounds yesterday afternoon in a game which was marked by the heavy hitting of the locals and Southpaw Nichols' heady pitching. Shade and Dan Bailey led the team at the bat with three bingles each, while Robinson and Dieter chalked up two hits apiece.

The box score of the game follows:

Clearfield	R	H	O	A	E
Shade, 3b	2	3	2	2	0
Bailey, cf	2	3	2	0	0
Heberling, ss	1	1	3	1	1

Two base hits, Bailey, Robinson. Struck out by Nichols 8; Lerch 12; Umpire, Hurd.

ROTARY CLUB HAS FINE OUTING AT CRYSTAL SPRINGS

The Clearfield Rotary Club, their ladies and guests to the number of 102 motored out to Crystal Springs last evening and enjoyed a steak dinner prepared by the ladies of the Lutheran church.

Martin's orchestra furnished pleasing music during the dinner and also for the dance which was held on the first floor of the commodious club house.

President Albert Bigler presided at the festivities with his usual diplomacy and showed himself to be as much at home in the woods as though at Jordy's banquet board.

"BARNYARD GOLF"

EXPERT COMING

Floyd Johnson of Grampian, Champion Horse Shoe Pitcher for the Goodrich Rubber Company of Cleveland, Ohio, will pitch against the West Side and Clearfield Machine Shops Community Service teams at the Driving Park on July 4th.

Johnson is some expert and claims he can make three ringers out of every five shoes he throws.

Promoted.

DEMPSEY ACCEPTS WILL'S CHALLENGE FOR TITULAR BOUT

New York, June 29.—First steps in negotiations which it is believed eventually will bring Jack Dempsey and Harry Willis, Negro pugilist, into the ring for a titular match for the heavy-weight crown, were taken today when Dempsey formally accepted Willis' challenge.

This acceptance was announced by the New York state boxing commission. This body officially acknowledged receipt of the challenge and a deposit of \$2,500 and later issued a proclamation stating that unless Dempsey, before July 10, accepted under reasonable conditions, his title would be declared forfeited as far as New York state boxing territory was involved.

In accepting the challenge, Dempsey, through his manager, Jack Kearns, requested that a conference between the principals be held soon, so that conditions governing the proposed bout might be considered.

No date for this conference was mentioned in the statement issued by the boxing commission but it is understood the managers of the two heavyweights will meet and arrange the necessary preliminary details within the next week or 10 days.

The secretary of the boxing commission, in issuing the formal statement, said that if the match did not appeal to promoters and there were no bids for such a contest, Dempsey, having fulfilled his part of the contract by accepting challenge, would remain in possession of the title. In New York state, if, however, the boxer should refuse what the boxing commission considered a reasonable offer, both would lose their status.

Manager Mullins, speaking for Willis, said that he desired a bout before fall, but such appeared improbable. Tex Rickard, the promoter from whom it is understood both heavyweights expect an offer, stated emphatically that he would not be interested in a contest before next summer.

CARLOAD OF TROTTING HORSES ARRIVE

Some real horse racing will be one of the features of the American Legion's big Fourth of July celebration. A carload of the fastest harness horses in Western Pennsylvania arrived in Clearfield yesterday and are being "tuned up" at the track for the races on Tuesday. There will be several different events during the day and the races will be well worth seeing.

Always on Full Time.

Mills may start and mills may stop but the divorce mill runs on forever.—Boston Transcript.

Grease.

It is much easier to wash a greasy car if you heat it slightly before applying soap and water. This loosens the grease.

Count 'Em!

Hoyle Pratt, to whom the freckle championship of Nashville, Tenn., is conceded, now is claiming the title of the whole South. "I couldn't have more freckles 'less I had more face," he says.

AMERICAN WOMEN ARE CARELESS

Women are too apt to overestimate their strength and overtax it. When feeling well they take unnecessary chances which in the long run cause much pain and trouble. Wet feet, exposure to cold, lifting heavy burdens and overwork will often develop troubles which cause no end of suffering. Lydia E. Pinkham's Vegetable Compound is the unfailing remedy in such cases. Thousands of American women will testify to this fact who have regained health and strength by its use. If you are suffering it will pay you to give it a fair trial.

METHODISTS DOWN PRESBYTERIANS

The baseball team representing the C. I. C. of the West Side Methodist church won a Community Service League game from the Presbyterians last evening. It was one of the closest and most exciting games of the league season and was full of thrills from start to finish.

The box score follows:

C. I. C.	R	H	O	A	E
Dale, p	0	0	2	1	0
Bowman, 3b	0	0	0	0	1
Thompson, lf	1	2	3	0	0

By HENRY L. FARKELL

United Press Sports Editor

New York, June 30. (United Press)

—Until the bugle blows for the final

"Fall In," it never will be settled who

was the greatest ball player of all

times. Perhaps there will be argu-

ments then.

Debated almost as much is the

greatest player of the present day.

If records amount to anything Ge-

orge Sisler the great first baseman

of the St. Louis Browns is at least the

greatest player of this season.

Any player who can lead the league

in batting with 400 or better who

made 100 hits in a little over one-third

of a season who stole 24 bases and

scored 40 runs in the same period of

time as well as holding his position

spectacularly is a great ball player.

Such is Sisler and it looks as if he

cannot be approached this season.

With Rogers ornsby coming as the

nearest player next to Sisler St. Louis

ought to establish a baseball college.

Babe Ruth is a great ball player but

he is not a great team asset like Sis-

ler. Ruth is versatile but Sisler is

more a fan all around man. Sisler and

Ruth both pitch play first base and in

the outfield. Sisler can do them all

better than Ruth.

Sisler never has been pinched for

speeding. He never had a crippled

hand in an important series and he

was never set down for an infraction

of the rules.

Charley Comiskey is being taken by

the aches for a sucker if he really

paid \$125,000 for Willie Kamm, third

baseman for the San Francisco club.

Major league stars who played on the Pacific Coast last winter, however think that Commy made a smart deal in getting Kamm.

When the deal was made Harry Heilman, Detroit's champion hitter, wired to a friend on the coast that Kamm was worth more money and that he had never seen a third baseman in his class.

Hornsby, Sisler, and Ty Cobb also put their stamps of approval on him.

If Jack Dempsey and Jess Willard are matched for another fight and they draw any kind of a crowd, the English brothers who paid big money to see Carpentier and Ted Lewis will be smart in comparison.

Willard can't be any better than he was in July, 1919, when he was beaten to a pulp by Dempsey and the chances are he will not be in as good condition as he was then.

Carpentier and Lewis were more of a real match than Dempsey and Willard would be. The English fans believed that the Frenchman had been severely hurt by Dempsey and that he would be far from the man he was when he fought the champion. They believed that Lewis would have a chance and he did have a bigger chance than Willard would have against Dempsey in another bout.

Dempsey has a very good way of saying "No" to a good fighter. Wanting \$500,000 for an afternoon's work is the best negative in the book.

It costs Dempsey a lot of money to live, there is no doubt. He spends enough on broiled steaks for his kennel to keep a miner's family.

Georges Carpentier is not as grateful as he is gallant. In going back over his list of victims for another financial operation, the Frenchman

How about a new pair

of shoes for your little girl? Here they are, cheap and sturdy; only \$1.50 to \$3.00 a pair, according to size. Neat and trim, with plenty of room for toes to spread out in, and built to wear in mahogany or black, with a comfortable low heel, and nature fitting lasts.

SUNDAY AND TUESDAY

AWNINGS WILL MAKE YOUR HOME MORE HOMELIKE

There is nothing you can do to the outside of your home that will add more to its appearance than to place awnings where they will not only shade the porch but add much to its appearance.

The thought that you can go out on your porch and sit there the heated days with perfect comfort will be worth more than they cost.

Raymond Swales

totally ignored his pal, Battling Levinsky.

In refusing to fight, Max was out of the stud for a match race with Morvich, Sam D. Riddle showed that he was a real sportsman.

Racing gets by on the theory that it improves the breed of the horse and Riddle knew that he would not be improving equine posterity by bringing the great champion back to the track.

It would mean a lot of money to him, but for once in him is found a sportsman who has something else on the end of his nose besides money.

Lynn Hoyt of Glen Richey was shopping in town yesterday.

Messrs. Jake Kantar, Paul Robison and Clarence Ammerman motored to Williamsport on Thursday to attend the Masonic picnic.

Mrs. Raymond Smith and son have returned to their home after spending several days with relatives in Johnstown.

A committee of girls is canvassing the town urging the people to take their baskets to Irvin Park on the Fourth. Come along, be a booster for your town and make this one of the greatest Fourth's ever held in Curwensville.

Thoburn Collins left Wednesday for Spring Grove where he will spend some time with his brother.

Mr. and Mrs. Alton Hummel have purchased a property on Irvin Hill.

Mrs. J. L. Curtin and children left yesterday for Huntingdon where they will visit with relatives.

Claire Schoff has returned to his home in Northumberland after visiting his sister Mrs. Harvey M. Smith.

Misses Mary Shirk and Helen Clark were shopping in Clearfield today.

Mrs. Howard Milligan and Miss Margaret Butler of Clearfield, spent Thursday evening in town.

WOODLAND

The Woodland Citizens Band gave another of their delightful concerts last Friday evening near the N. Y. Central depot. Their music was fine and enjoyed by the large crowd of people who had gathered to hear them. The boys wore their new uniforms for the first time and presented a fine appearance.

Judging from the number of autos and people on foot who journeyed to Bradford on Sunday it must have been the largest home coming of Bradford people yet held at that place.

Howard Hughes, wife and family, of Johnstown visited last week at the home of Mrs. Hughes' father Jas. C. Leighow.

Ashely Mitchell and son, of Bellwood, spent the week end with relatives here.

Mrs. M. A. Fawcett, son Clark, and daughter Janet, of Philipsburg, visited relatives here on Sunday.

Miss Alice Livingston has returned from a week's visit with relatives and friends at Johnstown and Gaithersburg.

Miss Jno. Wilcox and daughter Mabel were Clearfield visitors on Wednesday.

A large number of Woodland children attended kiddie day at the Clearfield Driving Park on Thursday. As early as 7:15, although it was raining they were flocking to the jitters.

Miss Pearl Woolbridge left Thursday morning for New York from which Port she will sail on Saturday for a tour of Europe.

The State Highway Department have started oiling the State Road and last evening they had oiled one

side of the road from Pine Top to Iroquois Park. The oil is well covered however and is not bad for driving over.

The plans for a big Fourth of July at Woodland are about complete. The base ball boys were disappointed in not being able to get New Millport to play, but have secured the Hawk Run team for two games on that day. One game in the morning and one in the afternoon.

Mr. and Mrs. Wilson, of Clearfield spent the week end at the home of Mr. and Mrs. Carl Jones.

Miss Lois Mitchell is visiting relatives in Clearfield.

Mrs. Wm. Barger was a Clearfield visitor on Thursday.

Russell Moore of Willmore is visiting relatives here.

Mrs. Bessie Young and children, of Mineral Springs spent Thursday at Clearfield Driving Park.

Frank Holden of Mineral Springs has moved his family to Wallacetown. Mr. Holden is a H. & W. Ref. Co. Driller.

Pale Pink Hair is Our Favorite. London punier—The bridesmaids wore frills of powder blue and sprigged trimmed with girdles and sprays of pale pink roses with hair to match. —Boston Transcript

Courage Wins. The successful man jumps at a chance while the other fellow is balking at a logical conclusion. —Boston Transcript.

Liquid Fire

A liquid fire to the bedbugs, roaches, ants and fleas is what the new chemical discovery really is, although there is no damage to be done by using it to your springs, furniture or clothing.

This new chemical is known as "Pesty Devils" and it will have the power of ridding your house of bedbugs, ants, roaches and fleas if you purchase P. D. Q. It is used and recommended by the leading Hotels and Railroad Companies as the safest and quickest way of ridding the pesky bedbug, etc.

Special Hospital size 12 50—makes five gallons. P. D. Q. can also be purchased in sealed bottles, double strength, liquid form. Sold by Woodward & McPherson and all leading druggists.

First Street Railway on Bowery. The first street railway in the world was the New York and Harlem road, built on the Bowery in New York city and opened for travel in 1832.

Well Said. Some one was urging Martha to tell her secret, when she sagely remarked: "A secret isn't a secret after it is elled."

Mars a World of Sunshine. Mars is a world of skies and bright sunshine, according to astronomers.

Always Wrong. If a man worries his wife thinks he is foolish. If he doesn't, she thinks he isn't maintaining a proper interest in his responsibilities.

ORANGE-CRUSH sherbet

DOUBLE deliciousness! A sherbet of top-notch quality flavored with genuine Ward's Orange-Crush. Wholesome and cooling. Order for dessert or for social gatherings.

KEYSTONE ICE CREAM CO.

A BUSINESS COUPE OF STEEL

Dodge Brothers offer to the business public of America an entirely new principle in Coupe body construction.

From framework to window mouldings the body is built of steel. It is the first all-steel closed car ever marketed. This design anticipates every possible requirement of commercial travel. It insures unusual quietness—unusual grace—unusual stamina. It has made it possible to give the Coupe that same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous.

The upholstery is of genuine leather—leather that will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks, and every other appointment necessary to the owner's comfort and protection.

Built inside and out to withstand the wear and tear of everyday use, it retains the same lightness and beauty of line which you are accustomed to look for in Dodge Brothers cars.

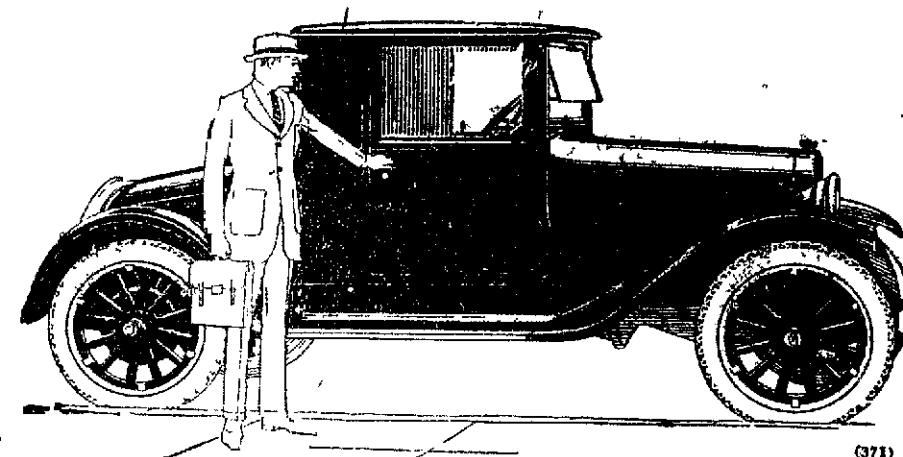

It is the Business Coupe which business people the world over have been expecting—from Dodge Brothers.

The price is \$980 f. o. b. Detroit.

MARKET ST DIMELING HOTEL BUILDING CLEARFIELD

WILL TRY TO HEAD OFF MARCHERS WHO APPROACH DONORA

Donora, Pa., June 30.—State police and deputy sheriffs patrolled the roads leading into Donora today in an attempt to head off 200 striking miners reported enroute to several wagon mines here. The strikers were reported to be coming here in seven trucks stolen from the Fry Coal Company mines at Twilight, near Charleroi, which they closed down this morning by forcing twenty-five men to leave their jobs and damaging much property.

The Things Worth While.
Education is the calling forth of all those qualities by which man is distinguished—it is "proficiency in living." What ministered satisfaction to the man of seventy, eighty, ninety in recalling his past life? Only the recollection of how far he had displayed in intercourse with his fellow-men those qualities with which a true education is concerned—love of love, hate of hatred, fellowship, service to the community.—The Friend (London).

HALF-YEARLY RATE AUTO LICENSE TIME IS AUGUST 1
Harrisburg, Pa., June 29.—The state highway department called attention to the fact that applications for automobile registration for the half yearly rate are not receivable until August 1.
The automobile division is receiving many applications for licenses from people who believe the half yearly privilege begins July 1. These applications are being returned. Last year the state issued more than 8000 half year licenses.

Youth Preserver.
A noble life aim is more than an ambition preserver; it is also a powerful health and youth preserver. It is a tonic that prevents premature aging. When the faculties are employed in working out a splendid destiny we are happy, contented; the mind is so fully occupied that it cannot deteriorate or lose its buoyancy. And it is the mind that keeps the body young.

His Next Anniversary.
Bobby was four years old and so he had a birthday party. About a week later some friends called on us. One of them asked Bobby how old he was, and he replied: "When I have another party I'll be five."—Chicago Tribune.

HARVEY TEEPLES

Harvey Teeples departed this life at the County Home on Sunday, June 25, 1922, aged 51 years, 2 months and 14 days. The deceased was born on Montgomery Creek, near the "oil farm". He was badly crippled, being unable to use his lower limbs and propelled himself about by the use of his hands. Despite his physical handicap he was a willing worker and for years fired the boilers at the bakery for three days per week and worked in the laundry the other three days. He also husked corn, picked potatoes, and did any other odd job about the farm that came to his hand.

He bore his misfortunes with true Christian fortitude and was generally respected by all who knew him.

Ravages of the Gypsy Moth.

The gypsy moth was introduced in this country at Medford, Mass., in 1869, in connection with some experiments in hybridizing silkworms. A few specimens escaped, and about 20 years later the insect had become a serious pest. Between 1890 and 1900 the state of Massachusetts spent about \$1,000,000 in combating the insect, which became scarce temporarily, but speedily resumed its depredations when the campaign against it was discontinued.

Shakespeare Biting in 1593.
As the Greek tongue is made famous and eloquent by Homer, Hesiod, Euripides, Aeschylus, Sophocles, Plautus, Phryllides and Aristophanes; and the Latin tongue by Virgil, Ovid, Horace, Silius, Juvenal, Lucanus, Livius, Seneca, and Claudius, so the English tongue is mightily invested in rare ornaments and resplendent embellishments by Sir Philip Sidney, Spenser, Daniel, Drayton, Warner, Shakespeare, Marlowe and Chapman.—Francis Meres, in Palladis Tamia.

Them Were the Happy Days.
Progress is progress, but still, back in the old days a horse could out-a-shoe without having to get out in the mud and rain to put on a new one before you could continue your journey; and you never had to walk back 10 miles to the nearest feed store because old Dobbin had run out of hay.—Brooklyn Eagle.

The Usual Whine.
After a run has made an ass of himself and thrown away his chances there isn't much left except the pleasantry of complaining that people didn't treat him right.—Birmingham News.

Well Said.
Some one was urging Martha to tell her secret, when she sagely remarked: "A secret isn't a secret after it is told."

A Memory.
"You talk about the good old days and the fun you used to have. Why, you didn't have moving pictures, but we had living pictures."—Judge.

Figs Called Natural Sweets.
Next to honey, and almost as ancient, figs and dates are the most natural of our sweet foods.

Good Looks.
"What a treat good-looking people are! How they ought to be encouraged when the general public is so commonplace—good looks, when probed to their essence, are as often as not a good spirit looking out through ordinary eyes, nose and hair."—"The Venetians," by Sir Harry Johnston.

Riddle—Dad. You'll have to raise my spending allowance. The papers referred to me yesterday as a actor.—Wayside Tales.

Better than Pills

YOU WILL NEVER wish to take another dose of pills after having once used Chamberlain's Tablets. They are easier and more pleasant to take, more gentle and mild in their action and more reliable. They leave the bowels in a natural condition, while the use of pills is often followed by severe constipation, requiring a constant increase in the dose. Every bottle guaranteed by your druggist.

Chamberlain's Tablets

What becomes of the girl who goes to the Big Town to seek fame on the stage? See the answer in—

"At The Stage Door"

An R-C Picture, Directed by Cabanne

This sparkling, vivid tale of old Broadway presents a clean-cut slice of life as it is lived on the stage.

Enacted by a hand-picked cast of Ziegfeld oilies beauties.

Mr. and Mrs. Leo McLean, of Philadelphia, are visiting with Mr. and Mrs. C. W. Herrington on Ogden avenue.

Mrs. Roy Brown and son, of DuBois, are visiting Mrs. Brown's parents, Mr. and Mrs. Geo. Thurston.

Mr. and Mrs. Lloyd Wrigley and son George have returned from a visit with relatives at Akron, Ohio, and Pittsburgh.

Mrs. Robert Reid of Parkersburg, Iowa, is the guest of her sister Mrs. Fred B. Lee at her home on Ogden avenue.

Division of Labor.

In the upper Amazon there is an interesting tribe, which, in its division of work is reminiscent of the guilds of the Middle Ages. One portion makes clothing and nothing else; another one is purely agricultural; another devotes its time and labor to the construction of weapons, and so on. Their pottery, however, is the most notable of their productions. Some of these jars are extremely large but very thin, although strong and durable. Some of the smaller vessels are almost as thin as paper.

Greatly Interested.

"The milkmaids of Jamaica are one of the wonders of the island," reported a prominent Bradford (Pa.) business man, after a stay in Montego Bay, Jamaica, B. W. I. "They can carry large cans of milk from mountain ranges to markets on their heads, and never even move the cans as they sell and pour out the milk. They go up stairs and down, and are so adept that when they start up a flight they can begin to fill their pails, measuring the amount by the number of steps taken. I watched them many times with great interest and delight."

The Telephone's Monologue.

I am a telephone. While I am not broke, I am in the hands of a receiver. I have a monopoly, but unlike a woman I never use it. Follows use me to make things with girls and girls use me to break up with ladies. Hands call up their wives over me and wives call their husbands down over me. I never get to get anywhere, but sometimes the company comes and takes me out. I am not a bee, but I often buzz. I am the "Bell" of the town, and while I do not get jewelry, I often get rings—The Northwestern Bell.

GOITRE REMOVED

Huntington Lady Tells How B. V. Jones, 2734 Latrobe Ave., Huntington, W. Va., says she will write how she removed a goitre with Sorbol Quadruple, a colorless liniment. You can see the treatment and get the names of many other successful users at drug stores everywhere, or write Box 358, Mechanicsburg, O.
